

Programme

Listen to fascinating informative lectures and panel discussions on the topic of childhood cancer research in Switzerland and in the European context. The event is open to anyone interested in the topic of childhood cancer research. The programme will include short presentations followed by panel discussions on the following topics: **patient advocacy, research, regulations, policy and insurance.**

This year's core theme is: **How do we do research together?**

Friday, 21 June 2024, Auditorium Rossi, Inselspital Bern
